

**INSTALLATION
JANUARY 2018**

Over 2000 students occupy this huge residential housing project of “Academia” just south of the main VUT campus.

We installed 12 of these monster hot water plants consisting of 12 x 10 000L tank with 45Kwatt and 62 kWatt heat pumps as a heating source.

VAAL UNIVERSITY OF TECHNOLOGY HOT WATER SOLUTION

One 10 000L tank supplies water to more than 270 students
